Course	Software Engineer
Email	francescoferraro@gmail.com
DOB	12/30/1987
University	PUCRS - Expected 2019/2
Location	Porto Alegre/RS - Brazil

---

## Intro

I started off as a Civil Engineer, but felt in love with coding. I am pursuing a career in this area in order to constantly engage myself with more complex problems. I grow up with the Internet, so that my primary focus as a developer. I really want to help it evolve as much as I can, so maybe I can pay off all the acknowledgment and fun I gave me.

## Profiles

- Github
- StackOverflow

## Languages

Strong knowledge

- Golang
- NodeJS
- Java

Currently learning

- Cloujure

## Interests

- Progressive Web Apps
- Server Side Rendering
- Websockets
- Redis
- Iot
- React.js
- Emacs
- Typescript
